Unique Features

- Online food search, order and delivery service.

- yelp.com: Focus more on the *review* part.

- Who might be interested: small restaurants.

Our Proposal

- Three types of users: admin, shop owners, customers.

- Admin: access to *all data*, manage other users.

- Customers: signup, login, search, order online, rate restaurants.

- Shop owners: edit restaurant info, response to order request.
